

MONTESSORI TRAINING

Do you want to teach math and language by the easy and appropriate way to preschool children?

The opportunity is here!!!

Join us for the training in C.C.C
Anchorage- August 28-31/ 2008

The Montessori World Educational Institute is committed to a scientific approach to education based upon careful research on children and how they learn and develop. MWEI from California offer this fall the module : **Pre-primary Training 2- 5 Years Old**

Beginning Math and Reading \$ 600

Manuals \$60

This class presents the specific Montessori materials used in the development of early concrete number concepts and basic math operations including addition, subtraction, multiplication and division, as well as materials for helping children to learn to read. Reading will include forming letters, learning basic phonetic sounds, building words, decoding phonograms and identifying grammatical parts of speech.
